

WHAT OUR CUSTOMERS SAY ABOUT STUFFITTS® INSERTS

“Stuffitts are incredible! I can’t count the number of times I have been caught out in the rain training or racing and never had a good solution for drying my shoes. Not a problem anymore and the best part, my shoes don’t stink. Love my Stuffitts”.

- *Brad, TN 7/25/09*

“I purchased a pair of Stuffitts for each of my daughters. They run on a college team and live in the dorms. This **product has been the best investment** for them...imagine a cramped dorm room with heavily used running shoes! Wonderful product!”

- *Lisa, NJ 2/3/09*

“Working all day on my feet in the heat of the sun makes for a smelly situation. Ladies aren’t supposed to have stinky feet – and now I don’t thanks to Stuffitts. They travel easily with me and keep all my shoes – even my husband’s racing shoes – smelling nice. **Husband tested – wife approved!**”

- *Carrie, TN 12/30/08*

“They work great! I used them on my 4-year-old’s really nasty sneakers. I don’t wear socks when I mow the lawn, work in the garden, or run around coaching kids soccer...and they worked!!!”

- *Erik, CO, 12/15/08*

“These saved my wrestling shoes! The smell was getting a little overpowering, but after putting these in them after practice once, the smell was greatly reduced and now after a few times it’s just about gone. Have recommended them to others who train or are in sports that use mat shoes”

- *Dean, TX 10/11/11*

“I haven’t been using them very long, only a few weeks, but I definitely am noticing a difference with the smell and **how quickly they dry.** I’d love to try some of your other products!”

- *Mark, VT, 9/26/11*

“Very happy with Stuffitts. I purchased 2 pair – one for my runner daughter and one for me. Then they came in and we had a little Stuffitts envy, and I had to order another pair. The shipment arrived very quickly (in time for cross country camp) – now everyone on the team wants them. **You just can’t beat the function** (makes a great place to hang wet shoes too) – not to mention the cool form factor. We are very happy!”

- *Sonya, NC, 8/17/11*

“It’s so wonderful to pull my cleats out of my bag and not shrink back from the smell. My last pair only lasted 4 months because they got wet and smelled like a swamp ever after. Thankfully, I’ll be able to keep this pair for a while because Stuffitts has already **proved itself a worthy investment!**”
