

STUFFITTS® FOR GEAR – THE “ODOR-KILLING BAG”

Stuffitts® For Gear is the “Odor-Killing Bag” designed to combat moisture and kill odor in all types of wearable gear and activewear caused by perspiration and outdoor elements.

Stuffitts® Odor-Killing Bag is the first of its kind— a lightweight, go-anywhere bag that absorbs moisture and kills odor to minimize the sweat and stink in your gear and active wear. The nylon outer layer of the bag creates a durable, water resistant barrier that contains the moisture and odor inside the bag. Inside the bag is a removable, patent-pending Stuffitts® rectangular panel that works to remove the moisture content and odor from the gear stuffed inside.

CARE AND USE	STYLES
 <p>1 Place wet, stinky gear into bag.</p> <p>2 Cinch drawstrings to contain moisture and odor when on the go.</p> <p>3 Remove gear at final destination.</p>	<p>Stuffitts® Odor-Killing Bag comes in a SPORT and PRO version. They are the same size but have different materials and accessory features.</p>  <p><i>Keep sweaty, stinky gear and apparel in check.</i></p>
<p>Stuffitts® inserts can be used repeatedly as needed on a daily basis for approximately 1 year. Many Stuffitts® users find that they can use the product effectively beyond these guidelines.</p>	
<p>Stuffitts® portable drying solutions start absorbing moisture and eliminating odor immediately upon contact. Our products dry out again naturally, both while inside the form during use and when removed and exposed to dry air.</p>
