

STUFFITTS® FOR HELMETS

Stuffitts® For Helmets is a form-fitted, reusable cedar insert to combat moisture and kill odor in helmets caused by perspiration and outdoor elements. We offer two styles of inserts depending on helmet type— either full-cut (helmet covers ears) or half-cut (helmet does not cover ears). Each style is single-sized.

Stuffitts® For Helmets is a uniquely effective solution to protect expensive half- and full-cut helmets from damaging moisture and odor. The single-sized insert is easy to push into the helmet and typically fits snugly enough to remain in the helmet even when stored in the upright position.

Micro-poly wicking fabric infused with Microban® antimicrobial product protection to help prevent odor causing bacteria on the fabric insert

Treated soil release fabric finish

Extra wide 3/8" seam allowance and high stitch/inch count for added seam strength

Specially processed, eco-friendly eastern red cedar is a superior natural drying material with antimicrobial, antifungal properties

Pattern designed for three dimensional fit when contoured to inside of helmet creating efficient surface area coverage

Channeled stitching keeps cedar even and uniform in insert even when folded or bent

<p>Stuffitts® inserts can be used repeatedly as needed on a daily basis for approximately 1 year. Many Stuffitts® users find that they can use the product effectively beyond these guidelines.</p>	
<p>Stuffitts® portable drying solutions start absorbing moisture and eliminating odor immediately upon contact. Our products dry out again naturally, both while inside the form during use and when removed and exposed to dry air.</p>
